## ABOUT FULLMETAL ALCHEMIST BROTHERHOOD

### **The Story of Fullmetal Alchemist**

Edward and his younger brother Alphonse, tormented by the loss of their mother at a young age, break the ultimate taboo of alchemy, human transmutation, in an attempt to bring their mother back to life. However, the transmutation failed, causing Edward to lose his left leg and Alphonse to lose his entire body.

Edward manages to transmute his brother's soul and bond it to a suit of armor, but at a grave price, the exchange of his own right arm. After this, the two brothers set out on a journey to find the Philosopher's Stone, a powerful item that will allow them to regain all that they have lost.

Later, Edward, who replaced his lost right arm and left leg with mechanical artificial limbs called automail, became known as the Fullmetal Alchemist...
