About VALKYRIE PROFILE: LENNETH

Long ago, the worlds were forged: Midgard, the domain of mortals, and Asgard, the realm of celestial beings—elves, giants, and gods. Amid the heavens, the sands of time flowed peaceably, until one fateful day. What began as a simple feud between the Aesir and Vanir would soon ignite a divine war that would come to rage across the lands of men, heralding the coming of the end of the world.

By Odin's command the battle maiden descends from Valhalla, surveying the chaos of Midgard, seeking the souls of the worthy.

She is the Chooser of the Slain. She is the Hand of Destiny. She is the Valkyrie. As war ravages Asgard above and Ragnarok threatens the world's end, she must learn her own story, and discover her own destiny. From the heavens on high to the world down below, the battle for the souls of gods and men begins.
